The design of the SKF VKPC 81626 has changed in line with OE specifications:
- Previous design: 038 121 011 C without corner on the body pump.
- New design: 038 121 011 J with a corner on the body pump.

The body of the pump now includes a corner (see adjacent diagrams) and in some cases the plastic cover above will need to be cut as advised by VW technical recommendations, in order to fit the new water pump.
