

Krown products

Krown's dedication to The environment

Krown is proud to bear the EcoLogo Environmental Choice certification on our Corrosion Control products including KL73 Lubricant/Rust Inhibitor and our eco-friendly manufacturing facility. By using Krown products, companies are reducing waste and energy consumption, further reducing environmental impact and improving sustainability.

Through research and development, Krown has reached its initial goal to eliminate or lower environmental impact across its product lines. Krown has eliminated NPEs and APEs from the entire product line.

Here are some of the environmental benefits of using Krown products, with our Enviro Friendly logo.

- APE/NPE-free product
- V.O.C.-free product
- Phosphate-free product
- Solvent-free product

- 1 Environment
- 2 Table of contents
- 3 KL73 rust inhibitor/lubricant
- 5 KP53 penetrant
- 7 KLFSM chain lube
- 9 Salt eliminator
- 11 Heavy duty pressure wash
- 12 Aluma brite aluminum cleaner/brightener
- 13 Krown wash detergent
- 14 Power kleen heavy duty degreaser
- 15 Application tools
- 17 Fleet maintenance program
- 18 Pre-packed displays

Solvent Free

KL73

Rust inhibitor / lubricant

Krown KL73 Corrosion Inhibitor is formulated to help control corrosion in the most damaging of environments. Unlike many competitive products, KL73 *contains no solvents* which are hazardous to the environment, dangerous for the user and damaging to paint, plastic and rubber.

Put money back in your pocket by using KL73 to reduce instances of corrosion in a variety of different areas from spot welds to electrical connections. Reduced electrical failure alone will produce a net profit.

KL73 is a solvent free alternative that will extend equipment life, keep equipment looking better, reduce the cost of ownership, reduce maintenance, downtime and frustration.

Uses

- Battery terminals, starter wires, pin connectors, weather packs
- Protect the body, chassis, dump beds, salt spreaders, plow attachments
- Moving parts, locks, live bottom chains, salt spreader chains, 5th wheel plate

Features

- Dielectric strength 50kv, safe on all electrical
- Remains active despite washing or road wash
- Effective in high and low temperatures
- Food grade approved throughout North America
- Actively displaces moisture
- Solvent-free

Solvent Free

KP53

Fast-acting penetrant

Krown's *KP53* will rapidly penetrate and loosen seized and rusted parts. *KP53* is a solvent-free penetrant, which means the product remains on surfaces, lubricating and protecting from rust.

Apply *KP53* to locks, hinges, key cylinders, seized parts, chains, power antennas, electrical connections, etc. *KP53* is essential for every toolbox, saving valuable time and energy for a variety of industries.

Uses

- Locks and key cylinders
- Hinges (doors/trunks)
- Battery terminals/plug-ins
- Chains, brake cables, power antennas
- Sliding doors and windows
- Tracks on garage doors

Features

- Allows for repair and maintenance without concern of contamination
- Safe for use with all metals and electrical systems
- Fast, effective penetrating action greatly outperforms other food approved penetrants
- Food grade approved throughout North America
- Breaks through rusted and seized parts for easy teardown

Solvent Free

KLFSM

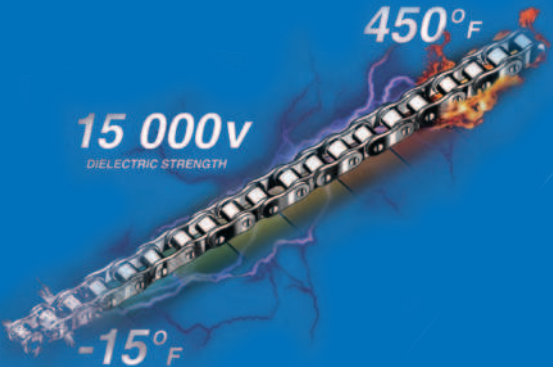

Chain lubricant

KLFSM is a solvent-free product designed to substantially enhance chain life while reducing wear and friction. Safe for self-lubricating chain, KLFSM will reduce corrosion and help to keep debris from sticking and causing costly repair and downtime.

By reducing friction and wear, KLFSM lowers energy consumption and increases productivity. KLFSM is engineered for high-heat applications and is ideal for use in gravity feed chain lubrication systems.

Uses

- Roller chain
- Large & small pitch chain
- Conveyor chain
- Wire rope
- High heat chain
- Open gears

Features

- Food grade approved throughout North America
- Extreme resistance to wash out
- Will reduce energy consumption
- Can be sprayed, brushed or ideally applied by automatic lube system
- Excels in harsh environments such as heavy load, high speed and high contamination
- Will reduce noise, wear and downtime
- Contains no solvents and no heavy metals such as molybdenum or graphite

CFIA-ACIA

Solvent Free

Salt Eliminator

Chloride removing detergent

A revolutionary new maintenance product, Salt Eliminator makes the difficult, yet vital task of salt removal easy. Magnesium, calcium, and sodium chloride salts can speed up the corrosion process by hundreds of times. These salts can damage carpets, upholstery, leather and other surfaces as well.

Use Salt Eliminator for chloride removal or day to day cleaning, and experience less rust and better looking, salt-free equipment.

Uses

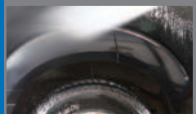

- Heavy duty vehicle and machinery wash
- Cars, trucks, vans, buses, bikes etc.
- Plastic, rubber and vinyl
- Carpet, upholstery and leather
- Pre-soak foam gun, aerosol can, bucket wash or pressure wash system

STEP 1 Using a foam gun presoak affected areas at a ratio of 3:1- 20:1.

STEP 2 Allow product to sit for 5-10 minutes.

STEP 3 Rinse away with warm or cold water.

STEP 4 Apply KL73 to areas subject to corrosion for long-term protection.

Before

After

Features

- Easily rinses to a beading, waxy finish
- Removes even heavy salt build up quickly and easily
- Reduces surface rust
- Can be used in any wash system
- Designed for heavy duty applications
- Contains no solvents, NPEs or VOCs

Salt Eliminator

Target and remove harmful road salt and chlorides.

Recommended	10:1
Light Duty	20:1

HD Pressure Wash

Heavy duty fleet wash

Designed especially for touchless use including pressure washers and automated washes, HD Pressure Wash removes soils, including road film, and rinses to a beading, waxy shine.

Features

- Thick foaming action
- Effectively removes soil without the need for a brush
- High concentration
- No caustics, phosphates or petroleum solvents

Uses

- Bus, Truck & Heavy Machine Washing
- Car wash facilities
- Touchless automated wash systems

Light Duty	500:1

Alumabrite

Aluminum cleaner & brightener

Quickly remove oxidation along with other soils including diesel soot and road film with this powerful cleaning formula. **CAUTION:** This product contains hydrofluoric acid. Ensure proper safety procedures are followed.

Features

- Brightens metals evenly
- Removes rust and oxidation without brushing
- High concentration
- Does not leave white residue

Uses

- Fuel Tanks
- Wheels & Rims
- Aluminum Trailers
- Aluminum Parts

Always wash equipment from bottom to top. Test in an inconspicuous area before using.

Krown Wash

Oil & grease targeting detergent

A high-foaming, easy to rinse product, Krown Wash removes oils and other types of soil safely from almost any surface. This environmentally friendly detergent is designed to gently rinse away excess Krown Rust Inhibitor after vehicle applications.

Features

- Gently removes oily and greasy soils
- Washes away excess Krown Rust Inhibitor after application
- Rinses quickly
- Environmentally friendly

Uses

- Vehicle exterior wash
- Motorcycles, boats, PWCs, snowmobiles, ATVs, etc.

Power Kleen

Heavy duty multi-purpose cleaner/degreaser

Power Kleen quickly dissolves and emulsifies heavy grease, diesel soot, insects, and many other soils. As Krown's most powerful degreaser, Power Kleen features 21 active ingredients designed to attack the widest range of soils possible.

Features

- Lightening fast grease and oil breakdown
- Powerful cleaning even in lower dilutions
- High concentration

Uses

- Floor and wall cleaning
- Parts cleaning
- Engine degreasing
- Much more
