Proposal under item 16

The Board of Directors has decided to submit the following principles of remuneration for SKF's Group Management to the Annual General Meeting.

Group Management is defined as the President and the other members of the management team.

The Board of Directors' proposal is that the remuneration of Group Management members shall be based on market competitive conditions and at the same time support the shareholders' best interests. The total remuneration package for a Group Management member shall primarily consist of fixed salary, variable salary, performance shares, pension benefits, conditions for notice of termination and severance pay, and other benefits such as a company car. The objective of the principles of remuneration is to ensure that the SKF Group can attract and retain the best people in order to support the SKF Group's mission and business strategy.

The fixed salary shall be at a market competitive level. Competence, responsibility, experience and performance shall be taken into account when the fixed salary is established.

The variable salary runs according to a performance-based program and the maximum variable salary is capped at a certain percentage of the fixed annual salary varying between 50 and 70%.

The Board of Directors proposes that a decision be taken at the Annual General Meeting on SKF's Performance Share Programme 2018. The programme is proposed to cover not more than 225 senior managers and key employees in the SKF Group with an opportunity to be allotted, free of charge, SKF B shares. (See further item 17 below.)

SKF strives to establish pension plans based on defined contribution models.

A Group Management member may terminate his/her employment by giving six months' notice. In the event of termination of employment at the request of the company, employment shall according to the agreement cease immediately. A severance payment related to the number of years' service shall, however, in this case be paid out, provided that it shall always be maximized to two years' fixed salary.

The Board of Directors also proposes that the Annual General Meeting resolves to authorize the Board of Directors to, in certain cases, deviate from the principles of remuneration decided by the Annual General Meeting.

Proposal under item 17

Background

At the Annual General Meeting in 2008 the SKF Group introduced a long-term performance share programme for senior managers and key employees (SKF's Performance Share Programme 2008). Since 2008 the Annual General Meeting has resolved each year upon a performance share programme. The terms and conditions of SKF's Performance Share Programme 2018 are the same as for SKF's Performance Share Programme 2017 that was resolved at the Annual General Meeting 2017.

SKF's Performance Share Programme 2018

The Board proposes, in order to continue to link the long-term interests of the participants and the shareholders, that a decision be taken at the Annual General Meeting 2018 on SKF's Performance Share Programme 2018.

The programme is proposed to cover not more than 225 senior managers and key employees in the SKF Group with an opportunity to be allotted, free of charge, SKF B shares in accordance with the following principal terms and guidelines.

Under the programme, not more than in total 1,000,000 SKF B shares may be allotted to not more than 225 senior managers and key employees in the Group. The number of shares that may be allotted must be related to the degree of achievement of the Total Value Added (TVA) target level, as defined by the Board, for the TVA development for the financial years 2018–2020 compared to the financial year 2017. TVA is a simplified, economic value-added model promoting greater operating profit, capital efficiency and

profitable growth. TVA is the operating profit, less the pre-tax cost of capital. After the expiry of the financial year 2020 a comparison is made between the average TVA for the financial years 2018–2020 and TVA for the financial year 2017. The TVA change is expressed as a percentage.

The allocation of shares is based on the level of TVA increase. In order for allocation of shares to take place the TVA increase must exceed a certain minimum level (the threshold level). In addition to the threshold level a target level is set. Maximum allotment is awarded if the target level is reached or exceeded.

Provided that the TVA increase reaches the target level, the participants of the programme may be allotted the following maximum number of shares per person within the various key groups:

CEO and President – 30,000 shares
Other members of Group Management – 13,000 shares
Managers of large business units and similar – 4,500 shares
Other senior managers – 3,000 shares
Other key persons – 1,250 shares

If the TVA increase exceeds the threshold level for allotment of shares but the final allotment is below 5% of the target level, payment will be made in cash instead of shares, whereupon the amount of the cash payment shall correspond to the value of the shares calculated on the basis of the closing price for SKF's B share the day before settlement.

Allotment of shares requires that the persons covered by the programme are employed in the SKF Group during the entire calculation period. If all the conditions included in SKF's Performance Share Programme 2018 are met, allotment of shares shall be made free of charge following the expiry of the three year calculation period, i.e. during 2021.

Before the number of shares to be allotted is finally determined, the Board shall examine whether the allotment is reasonable considering SKF's financial results and position, the conditions on the stock market as well as other circumstances, and if not, as determined by the Board, reduce the number of shares to be awarded to the lower number of shares deemed appropriate by the Board.

The Board is furthermore entitled to introduce an alternative incentive solution for employees in countries where participation in SKF's Performance Share Programme 2018 is not appropriate. Such alternative incentive solution shall, as far as practicable, be formulated employing the same conditions as SKF's Performance Share Programme 2018.

The company has 455,351,068 shares in issue as per 31 January 2018. In order to comply with the obligations of SKF's Performance Share Programme 2018, a maximum number of 1,000,000 B shares are required, corresponding to approximately 0.2% of the total number of outstanding shares.

Assuming maximum allocation under the Performance Share Programme 2018 and a share price of SEK 170, the cost, including social security cost, is estimated at approximately MSEK 204. On the basis of a share price of SEK 220, the cost, including social security cost, is estimated at approximately MSEK 264. In addition the administrative costs are estimated at approximately MSEK 2.

The Board does not propose for the time being to take any action to hedge SKF's obligations under the programme. Delivery of shares under the programme shall not take place until 2021.

Majority requirements

A valid resolution in respect of the Board of Directors' proposal at the Annual General Meeting requires that the resolution be supported by shareholders with more than half of the votes cast or, in the event of a tied vote, through the Chairman exercising his casting vote.

Proposal under item 18

The Nomination Committee has informed the company that it proposes to the Annual General Meeting to resolve:

1. that the company shall have a Nomination Committee formed by one representative of each one of the four major shareholders with regard to the number of votes held as well as the Chairman of the Board of Directors. When constituting the Nomination Committee, the shareholdings on the last banking day in August 2018 will determine which shareholders are the largest with regard to the number of votes held. The names of the four shareholder representatives will be published as soon as they have been elected, however not later than six months before the Annual General Meeting in 2019. The Nomination Committee shall remain in office until a new Nomination Committee has been appointed;
2. in the event that the shareholder the member represents would no longer be one of the four major shareholders with regard to the number of votes held, such member, if the Nomination Committee so deems appropriate, may resign and a representative of the shareholder next in turn size-wise with regard to the number of votes held be offered the opportunity of being elected in his/her place;

and in the event that a shareholder representative no longer represents the shareholder, the shareholder is asked to elect a new representative to become a member of the Nomination Committee;
3. that the Nomination Committee, if the Nomination Committee so deems appropriate, may offer the fifth largest shareholder to elect a member of the Nomination Committee and thereby increase the Nomination Committee by one additional shareholder representative;
4. that the Nomination Committee is to furnish proposals on the following matters to be presented to, and resolved by, the Annual General Meeting in 2019:
 - a) proposal for Chairman of the Annual General Meeting

- b) proposal for Board of Directors
 - c) proposal for Chairman of the Board of Directors
 - d) proposal for fee to the Board of Directors
 - e) proposal for a Nomination Committee ahead of the Annual General Meeting of 2020; and
5. that the Nomination Committee, when performing its duties, will fulfil the tasks that rest upon the Nomination Committee under the Swedish Code of Corporate Governance, among other things to supply the company with certain information in order to enable the company to fulfil its information obligation under the code.

Number of shares and votes, and documentation

When this notice is issued, the total number of shares in the company are 455,351,068, represented by 35,055,803 series A shares and 420,295,265 series B shares, with a total number of votes of 77,085,330. The company holds no own shares.

The Board of Directors' complete proposal according to item 16 and 17 of the agenda and the Nomination Committee's reasoned statement are available at the company and at the company's homepage, www.skf.com, and will be sent to shareholders who request this and state their address.
