SKF USA Inc. Supplemental Conditions of Purchase and FAR Flow-downs for Suppliers Supporting US Federal Government Contracts

1. **COMMUNICATION WITH SKF'S CUSTOMER(S)**. SKF shall be solely responsible for all liaison and coordination with its customer(s) including the U.S. Government, as it affects the applicable prime contract, this Order or any related Order.
2. **DEFENSE PRIORITIES AND ALLOCATIONS**. This Order may be a rated order under the Defense Priorities and Allocations System ("DPAS") as promulgated in 15 CFR 700. All such ratings will be indicated on the face of the Purchase Order or otherwise communicated to Supplier. Supplier is required to comply with the specified DPAS rating. In the event of a partial failure of Supplier's sources of supply for the Products purchased, Supplier will first meet all of SKF's requirements hereunder prior to any allocation among customers. Failure to comply with the DPAS ratings is a material breach of this Order subject to immediate termination.
3. **STOP WORK ORDER**. SKF may at any time and by written order to Supplier require the Supplier to stop all, or any part of, the work being performed hereunder for a period not to exceed ninety (90) days, or for such period as the SKF and its government customer may agree under the prime contract ("Stop Work Order"). Upon receipt of the Stop Work Order Supplier will immediately comply with the terms of the Stop Work Order and will take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work Order. Within the ninety day period (or such other period as agreed to between SKF and its customer) the SKF will either (i) cancel the Stop Work Order; or (ii) terminate the work covered as provided in the Termination provisions of the Contract. If the Stop Work Order is cancelled or the ninety day period expires, the Supplier shall resume work and an equitable adjustment as to cost and/or schedule shall be made in accordance with the Changes provision.
4. **SKF IDENTITY REMOVAL**. At its own expense, Supplier agrees to destroy or remove to SKF's complete satisfaction, SKF's corporate name, addresses, trademarks, patent numbers, and all other reference to SKF from all Products rejected or cancelled by SKF, or purchased or produced by Supplier in excess of quantities specified by SKF, whether such Products are completed or partially completed, delivered, tendered for delivery, or undelivered, prior to disposition of such Products to parties other than SKF; or to destroy such Products. Supplier acknowledges that any sale of Products bearing SKF's trade name and/or trademarks to any person or entity other than SKF is an infringement of SKF's proprietary rights in its trade name and/or trademarks and is an attempt by Supplier to "pass off" Products of others as the Products of SKF. Without first obtaining the written consent of SKF, Supplier agrees that it shall not in any manner make known the fact that Supplier has furnished, or contracted to furnish, to SKF the Products covered by this Order, or use the name of SKF or any of its trademarks or trade names in Supplier's advertising or other promotional material.

5. **ACCESS TO PREMISES-AUDIT.** SKF shall have access to Supplier's premises and records prior to or subsequent to payment to verify any charges. In addition, Supplier will allow SKF to inspect its books and records, including without limitation, any cost or pricing data, relating to the sale of the Products hereunder ordered. In lieu of SKF inspecting such books and records, Supplier may request that DCAA audit Supplier's books and records related to its performance hereunder. Access to Supplier's premise will also be granted for the purposes of SKF inspecting any SKF or Government furnished property or equipment.
6. **MATERIAL SAFETY DATA SHEETS (MSDS).** Supplier will properly classify, describe, package, mark, label, and provide MSDS for approval by SKF prior to shipment of all Products. Supplier will prepare all such Products for transportation, accompanied by an approved MSDS, in accordance with all applicable local, state, and federal laws, ordinances, or regulations. Supplier will defend, indemnify, and hold harmless SKF from any claims, penalties, or damages incurred by SKF as a result of any Products received from Supplier not in accordance herewith.
7. **EQUIPMENT MAINTENANCE.** Unless otherwise agreed in writing, Supplier shall furnish at its own expense, keep in good condition, and replace when necessary, all dies, tools, gauges, fixtures, and patterns necessary for the production of the Products ordered. Title to all property, including equipment, furnished at no charge to Supplier by SKF or the United States Government ("GFE") for Supplier's performance of its obligations under this Contract, shall at all times vest in SKF or the United States Government in the case of GFE, and Supplier assumes all liability for any loss, damage, or shortage and/or for Supplier's failure to return such property to SKF on request. Supplier shall promptly notify SKF of any such loss, damage, or shortage
8. **CONFIDENTIAL INFORMATION.** Supplier agrees not to disclose to any third party, or use, except in connection with the furnishing of the Product or service under this Order, any confidential information relating to SKF's business, including business and marketing plans, processes, products, equipment, or trade secrets, as well as confidential information resulting from the performance of this Order. Any information not available to the public shall be considered confidential for the purposes of this Order; but should any of this information be published or otherwise made available by the public by SKF or by third parties without breach of this Order, Supplier shall be free to use for its own purposes only that information which is actually publicly available. Confidential information that is owned by the U.S. Government or in which the U.S. has the right to use and which is provided to Supplier either by SKF or by the U.S. Government under this Order and unless otherwise directed in writing, shall be used by Supplier only in performance of its obligations pursuant to this Order. All rights title and interest in said confidential information shall remain with and vest in the U.S. Government. Supplier will have no ownership rights in said confidential information nor shall Supplier have any right to license or sublicense such confidential information without the expressed prior permission of the U.S. Government.
9. **INTELLECTUAL PROPERTY-OWNERSHIP OF MATERIALS.** All materials, including without limitation, documents, drawings, models, sketches, designs, software, computer tapes and disks, and lists furnished to Supplier by SKF or by

the U.S. Government, shall remain the property of SKF or the U.S. Government as the case may be and shall be returned promptly upon completion of the assigned project, or at any time upon written request of SKF or the U.S. Government. Supplier agrees not to make any copies of any such materials without SKF's permission and to return any copies authorized with the original materials.

Supplier agrees to communicate to SKF all inventions, discoveries, computer programs, algorithms, technical data, copyrights and information resulting from this Order made or conceived by Supplier or its employees on behalf of SKF, solely or in collaboration with SKF personnel during performance hereunder and they will become and remain the property of SKF. Supplier agrees that all drawings, graphics, technical analyses, models, prototypes, writings, algorithms, copyrights and other materials first conceived and reduced to practice by Supplier during performance of this Order are considered to be "works for hire" and will become and remain the property of SKF. At the request of SKF, Supplier will execute or cause its agents or employees to execute, any and all documents which SKF may deem necessary to assign to it, its successor or assigns, the sole and exclusive right to such drawings, graphics, technical analyses, models, prototypes, writings, algorithms, and other materials, as well as to design registrations, design patents and copyrights relating thereto.

Supplier agrees that neither it nor its agents or employees will sue SKF, SKF's customers, or its suppliers for infringement of patents, copyrights, trade secrets or other proprietary rights arising from the sale or use of the Products, processes or software utilizing the information, design, or the Products furnished by Supplier pursuant to this Order. Supplier further agrees that Supplier will not knowingly infringe the patent, copyright, or trade secret rights of third parties in the performance of this Order and agrees to advise SKF promptly if Supplier is or becomes aware that SKF's use of the results of this Order would violate rights of third parties.

Further, Supplier represents and warrants that the sale or use by SKF of the Products provided hereunder, in any combination, will not infringe the intellectual property rights of a third party. Supplier grants to SKF a non-exclusive, irrevocable, royalty free, perpetual and not subject to termination, worldwide right and license to use the intellectual property rights of Supplier for the purposes of SKF performing its obligations under its Prime Contract.

10. **UTILIZATION OF SMALL BUSINESS CONCERNS.** Supplier agrees to actively seek out and provide the maximum practicable opportunities for small businesses, small disadvantaged businesses, women-owned small businesses, minority business enterprises, Historically Underutilized Business Zone ("HUB Zone") small business concerns and U.S. Veteran and Service Disabled Veteran Owned small business concerns to participate in the subcontracts of Supplier.
11. **GOVERNMENTAL REQUIREMENTS.** To the extent not exempt, Supplier shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a) at 29 CFR Part 471, Appendix A. These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that

covered prime Contractors and Suppliers take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability. Such action is to include, but not be limited to, matters of employment, upgrading, demotion, transfer, recruitment (including recruitment in advertising), layoff or termination, rates of pay or other forms of compensation, and selection for training (including apprenticeship). Supplier agrees to comply with all applicable statutes, regulations, laws, and other Government requirements.

Supplier acknowledges that the data (drawings, prints, patterns, specifications, etc.) attached to or otherwise contained herein either contains or may contain technical data subject to U.S. export regulations under the International Traffic in Arms Regulations (ITAR) or Export Administration Regulations (EAR). Disclosure by any means (oral, electronic, visual, facsimile, telephone) whether in its original form, modified or incorporated in any other form, to any non-U.S. person or any foreign entity is expressly forbidden without the prior written authorization from the U.S. Department of State, Directorate of Defense Trade Controls (DDTC) or U.S. Department of Commerce, Bureau of Industry and Security (BIS) as appropriate.
