

# Visit us at Nor-Shipping

30 May – 2 June, 2017

## Simplify with SKF Marine

Hall E: booth E 03-21  
Norges Varemesse, Lillestrøm, Norway

# Dear customers and partners,

SKF Marine offers a full portfolio of high quality components to cover most critical areas of the ship. We provide an extensive range of custom engineering and special services that's hard to match.

At our booth, we will have displays showing a wide range of SKF Marine's products and services, i.e. bearings, seals, lubrication systems, condition monitoring and condition-based maintenance solutions, including the new SKF Enlight Centre. Also on show will be SKF BlueMon, an environmental monitoring system, as well as a new generation of SKF hydraulic bolts for rotating flanges.

Furthermore, the marine team is pleased to have Reed Olsen & Schytz as its direct stand neighbour. The Norwegian ship chandler and marine supplier is the exclusive sales agent for SKF Marine's Simplex and Turbulo products in the Norwegian market.

Come and discover all the ways SKF Marine can help you keep it simple.

## Seminars

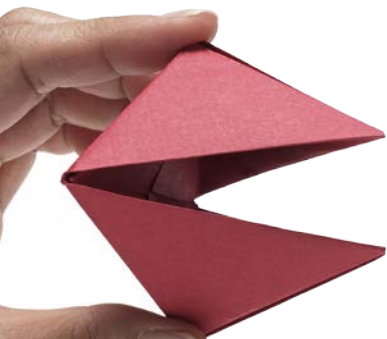

SKF Marine invites you to three seminars at the stand:

30 May 11.30 Understand the condition of your electric motors with Baker monitoring solutions

31 May 11.30 Monitor your critical equipment and extend your maintenance intervals

1 June 11.30 Improve your vessel's efficiency with condition-based maintenance

Each seminar lasts 20 minutes and will be followed by a lunch snack. We look forward to having you join us. **Please respond by 19 May to [heidi.larsen@skf.com](mailto:heidi.larsen@skf.com) if you plan to attend.**

**Free entrance ticket:**

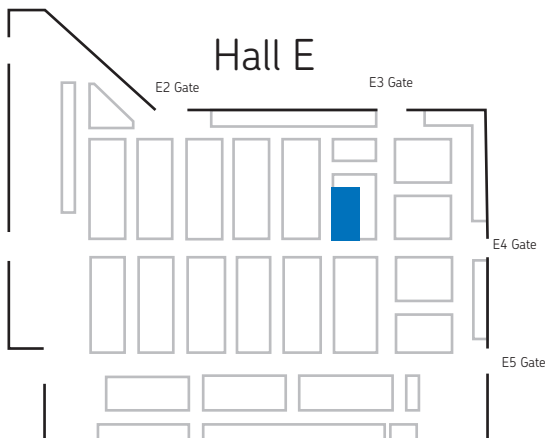

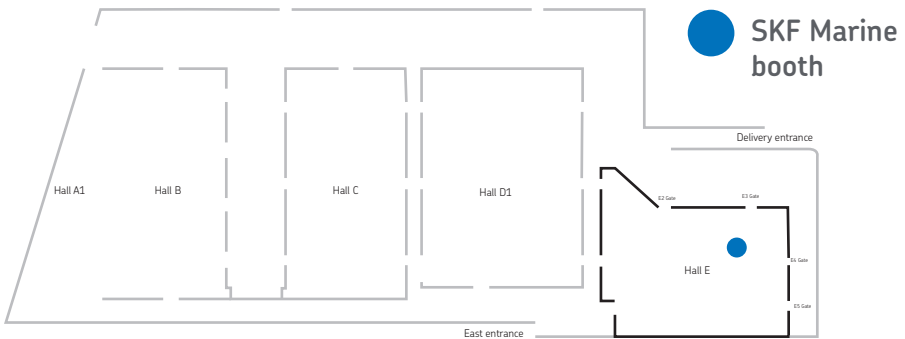

It would be our pleasure to welcome you at our stand. To request your free ticket, please visit [http://bit.ly/skfmarine\\_norshipping](http://bit.ly/skfmarine_norshipping), enter the invitation code “norshipping2017” and choose “SKF Marine” as the inviting exhibitor.
